

## **Skill Development Program on Entrepreneurship**

**Date - 07/08/2018, Venue - Seminar Hall, Kalyani Mahavidyalaya**

**Organized by Career Counseling Cell**

**No of participants - around 200**

Resource Persons from college Alumni association and teachers talked about the usual career path generally followed by learners. But it often takes a long time to start earning. On the other hand, an entrepreneurship venture, though a bit riskier, may be very rewarding and worth taking the risk. Ideas ranging from mushroom cultivation, production of biofertilizer, becoming a youtuber, editing videos, engaging in community service for elderly etc and a lot. Several students shared ideas of sustainable development like establishment of a nursery, crafting etc. The event generated huge response among students as was evident from the huge attendance.
